Irrespective of their own experience, new guides undergo a detailed training programme specific to the Hauraki Gulf conditions. Being paddlers we all enthuse most when we are in a sea kayak sharing with others our skills, experience, knowledge, passion and commitment."

2 Day Options

Two day Island Hopping Sea Kayak tour (Starts at \$365pp)

This is what sea kayaking is about! Two days out on the water, away from crowds and getting in touch with nature again.

There is no better place in the Auckland region to start your kayaking tour than on the calm waters of St Heliers bay. As you paddle away from the crowds of the city, the diversity and beauty of the Hauraki Gulf will open up before you and time will slow to nature's pace.

Motuihe has some of the best sandy beaches of the gulf islands and these together with its clear waters and sheltered anchorages make it a stunning place to stay the night.

Motuihe is a natural sanctuary which is free of animal pests and home to the endangered New Zealand dotterel, saddleback, kakariki, kiwi, shore skinks and bellbirds. The diversity of rare birds, its location and natural beauty makes Motuihe a kayaker's dream destination.

As night falls, you will enjoy a night of true kiwi camping on the north-eastern side of the island with all the gear you need being provided.

From the campsite, you will have the chance to enjoy picturesque views over the Gulf, including Rangitoto and Motutapu, and watch the sun set over Auckland City

On the morning of day two, you may have the chance to explore a little more for of Motuihe Island before taking down camp and heading over to Rangitoto, from where you will take a leisurely walk to the summit to experience stunning 360 degree panoramic views.

Following lunch, you will then return to the sheltered water of St Heliers where you will once again meet the van which will take you back to the city.
